For environmental reasons, we have decided to opt for an EV car as our next car. Unfortunately, our property (63/1 Morton Street) only has on-street parking. My parents in law have kindly offered to install an EVCP for us to use at their property. As the EVCP does not have a built-in tethering cable, it is very small (see dimensions in web extract) and will not be visible from the street when the car is charging. We would be very grateful if consent could be given for this installation.
