## Demolition of Listed Building

Does the proposal involve demolition of a listed building or a building within the curtilage of a listed building? \*

- Total or substantial demolition of the listed building
- Total or substantial demolition of a building within the curtilage of the listed building
- Other (partial demolition or alterations)

Please describe the building and the proposed demolition works. Please include a method statement for proposed demolition works and protective measures for remaining parts of the building: \*(Max 500 characters)

The proposed demolition is for a single storey kitchen addition built in 1980. The construction is of low quality. The client's intention is to retain the historic fabric where it remains and celebrate this as part of the new proposals. The demolition will be carefully undertaken by hand with particular care taken where the non-historic extension has been built against the historic fabric.

Why is it proposed to demolish all or part of the building(s) and or structure(s)? \*(Max 500 characters)

The low quality extension has created a series of 'landlocked' spaces which have little to no fresh air or natural daylight. These are neither part of the original design of the house, nor suitable for contemporary habitation. The extension has created a home which lacks any clarity in the original plan form of the historic house and a series of circuitous circulation spaces which are both impractical and unpleasant. In particular the historic kitchen has lost its connection to outside.
