Any other Particulars or Supplementary Information

Please provide any other particulars or information here which you consider may be relevant.: * (Max 500 characters)

As a follow on from the email from Alex (CEC). Just looking at the drawing again mind I'd suggest updating this as the key on that does refer to indicative floodlighting locations and obviously those elements would likely be over 4m in height. After doing that you could then submit an application for a certificate of lawfulness to get formal confirmation the works are PD; although you don't have to if you're content enough the proposal would be PD based on the above.
